

# PONA MEETING

Thursday Dec. 15<sup>th</sup> 2011

Advent Lutheran Church 5901 San Juan Ave.

## Minutes

### Welcome:

**A.** President Cameron's Holiday Message – Lots of good things have been happening in Area 5. The signs are up, there has been a lot of donations for Christmas and “Look at all the cookies”!

**B.** Street News (Jon Paul) 5 minutes

1. The signs are up and look great. Jon Paul went to each place he asked for the signs and the city put them up in exactly the correct places! They look great! One neighbor stated that they show up better than some of the other areas because of the color.

2. Area 9 traffic calming – The calming has begun in area 9. There have been some concerns about the “round-a-bout” at Woomore Oak. Some neighbors in the area have been concerned that a firetruck cannot get around the round-a-bout. We were told that fire trucks can travel over the round-a-bout and it was constructed so that big trucks could not use that street as requested by the neighborhood!

**C.** City Newspaper (Rick) 5 minutes – Rick had a sample newspaper for us, but stated that it was not the one we would eventually have. The Citrus Heights paper will debut the day of the “Red, white and blue parade”.

**D.** Holiday Referral Program (Nancy Shelton)

Nancy stated a lot of presents have been purchased and donated. Money has also been contributed. Some of the gifts have come from

the community donations which neighborhoods and other groups have contributed through donations to the Police Department. Nancy thanked the Greeleys, Joan Whittaker, the Burkes, the Chapmans, the Camerons, the Clevelands, and the Botills. Saturday will be a gift wrapping session and the time will be announced through email.

**E. POP. Officer Report –**

NA reports passed out.

Tip of the Season:

There have been some shoppers getting robbed at the mall. What shoppers have been doing is doing some shopping, then taking presents to their car and going back to shopping. This allows those looking to steal the opportunity to see packages being put into the car. The solution is for people to move their cars around the other side of the parking lot before going back into the mall.

Cookies...Cookies...cookies...cookies....and a slide show of photos!

**Merry Christmas & Happy New Year**
